

LAKE SHORE GOLD

a subsidiary of

PAN AMERICAN
— SILVER —

- **Excellent opportunity to continue your career with an established industry leader**
- **Receive a competitive salary and a wide host of benefits**
- **Develop yourself professionally and contribute to a growing organization!**

About the Organization

Lake Shore Gold, a subsidiary of Pan American Silver, is located in Timmins, Ontario. The Bell Creek Complex located approximately 20 kilometers northeast of Timmins, Ontario, consists of an underground mine and processing facility. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt, with ore mined by narrow vein longhole stoping methods. Ore is then transported to surface via a modern one thousand eighty metre deep shaft capable of forty-eight hundred tonnes per day.

About Timmins, Ontario

Timmins is a vibrant community of 45,000 residents that is a central hub for Northeastern Ontario. People can enjoy recreational activities such as camping, world class fishing, nature, and snowmobile trails. Direct flights to Toronto are available at the local airport via multiple carriers. There are many support networks in the community including the local Timmins and District Hospital, local sports leagues for children and adults (hockey, baseball, basketball, etc.), golf courses, both cross-country and downhill ski resorts, a community pool, and many other community events that provide entertainment throughout the year - fairs, carnivals, concerts, and more!

About the Opportunity

We are looking to hire a **Senior Project Supervisor** to join our **Bell Creek Operations** team in **Timmins, ON.**, on a **full-time basis**. The schedule for this position is a 4-3 rotation, Monday to Thursday or Tuesday to Friday.

Compensation: This position offers a base salary range of \$125,000 - \$135,000 annually, based on qualifications and experience.

Vacancy Status: This is an **existing vacancy**. The successful candidate may begin as soon as possible.

Please note that this role requires relocation to the Timmins area and is not a camp-based position.

The **Senior Project Supervisor** will play a key role in advancing underground mining construction projects and implementing changes to ensure safety, production and cost targets are met. The day-to-day coordination of multiple contractor activities will be the primary responsibility, while ensuring underground site inspections of work headings are carried out for

compliance to plan. You will be responsible for the health and safety of all personnel and contractors in your charge and ensure that all safety incidents are thoroughly investigated, and recommendations are implemented promptly and without prejudice. You are expected to demonstrate with consistency all LSG core values in Health and Safety and follow the Environment Code of Conduct of Lake Shore Gold, as well as any other duties as assigned.

- Assisting with coordinating and tracking the safe execution of underground projects
- Oversee contractor and internal interfaces, conduct risk assessments, and assist with change control to ensure work is completed on time, within scope, and in compliance with site standards and regulations
- Timesheet approvals and verification of work performed
- Mitigate and verify delays associated with project work
- Coordination of logistics underground
- Helping to execute the operational plan for completing the project or mine schedule
- Assisting with QAQC on all new installations
- Facilitating daily huddles with mining and contractor crews
- Participating in weekly planning meetings to coordinate activities in order to review performance against targets and ensure project objectives at met
- Ensuring all project stakeholders are working in a safe manner, following all company policies and legislative requirements
- Provide cost-effective solutions for field work requirements
- In consultation with the management team, evaluate alternative optimized methods for execution of project work

More About You

While our ideal candidate has the following qualifications, we welcome applicants who may not meet every criterion to apply.

The following will be critical to successfully performing this role:

- 8-10 years related mining experience
- 3-5 years Supervising experience
- Excellent organizational, leadership, and communication skills
- Strong computer skills and problem-solving abilities
- Strong commitment to safety
- Applicants must be eligible to work in Canada
- Previous project/contractor management would be considered an asset

Overall, you are a motivated team player who demonstrates compliance with all health and safety regulations.
